**Subject:** Our river needs a responsible cleanup

To Whom It May Concern:

I love the Willamette and Columbia Rivers. I grew up in Portland boating, fishing, and swimming in the rivers.

I want to see the EPA support a clean river. But I also want to see the EPA support a strong Portland economy. A strong economy relies heavily on the blue-collar jobs that exist on the Willamette River. We need these jobs and Portland families depend on the river to provide these jobs.

Thank you for recognizing that there is a real cost to employers for this cleanup. And thank you for everything you're doing to protect our river.

Sincerely,
